If you hear from an Earl Slater of Ellicott City, MD he has become a very good and helpful friend. Last month he tooka day off to drive us to Hopkins. That one lasted a full day. He is trying to arrange his schedule so he can do the same thing next month. He is reading Waketh and NEVER AGAIN! and is interested in and enthusiastic about getting more published. I believe he will be doing some exploring and maybe there can be some luck.

I've loaned him my copy of Waketh and given him a copy of Hosty's Budding.

Lil and I have come to like him very much.

He is a good and an unselfish person.
